Total Coliform & E. coli:

Chromogenic/fluorogenic substrate test, total coliform

Colilert, SM 9223 B

Quantitative: QuantiTRAY, Colilert, SM 9223 B

By:

William G. Mills

Certification Officer

Date signed and effective December 31, 2012

As of December 31, 2012 this list supersedes all previous lists for this certificate number. Vermont Certification is based in part upon current Florida Accreditation Certificate of Approval number E871011, October 26, 2012 – June 30, 2013. Laboratories are certified in Vermont based, in part, upon its Primary Accrediting Authority(ies) drinking water accreditation. Also, loss of drinking water primary accreditation (in part or whole) constitutes loss of certification in Vermont for the same drinking water tests.
